Jill Trescott brought in the proposed revisions to the mining ordinance for the Planning Commission members to review. Ness commented that Mathy Construction has a lot of crushed asphalt and concrete on the pit property, Ness would like to see that we regulate this somehow so that the stock piling in pits does not get out of hand. Trescott made some revisions that will further regulate this. There was more discussion and additional revisions made. Trescott will update and send out these changes.

Ness makes a motion to request that the township board set a public hearing to take comments on the proposed revised mining ordinance at the May 20<sup>th</sup> Planning Commission Meeting. Hardy seconds. All in favor.
